KEY COURSES

- **CCST Cybersecurity**
- **System Support (NQF 5)**
- **Generic Management (NQF 5)**
- **Business Administration (NQF 4)**
- **OC - Design Thinking Practitioner (NQF 4) In progress**

EDUCATION

Letaba TVET College
Office Administration (NQF 4) | 2013-2015

Matsambu High School
Matric | 2011

TECHNICAL SKILLS

Programming Languages:
Python, JavaScript, HTML, CSS, SAS

Data Science, Analytics & Statistics:
Python (Pandas, NumPy, Matplotlib), Data Cleaning, Data Analysis, Data Visualization,
Statistics: Descriptive Statistics, Correlation Analysis,

Basic Machine Learning: Regression and classification using Python

Databases:
SQL, MongoDB

Frameworks & Tools:
Bootstrap, Node.js, Flask

Business Intelligence:
Power BI, Excel

API Development:
RESTful APIs

Version Control & Development Tools:
GitHub, VS Code

Cybersecurity:
Web Security Fundamentals, Secure Data Handling

Office Software:
MS Office 365 (Excel, PowerPoint, Word, Outlook, Teams)

PROFESSIONAL SKILLS

✔ Financial Reporting & Data Entry

✔ Procurement & Sourcing

✔ Customer Service & Client Relations

✔ Time Management & Attention to Detail

✔ Conflict Resolution & Team Collaboration

✔ Organizational & Communication Skills

• EMPLOYMENT EXPERIENCE

Shaper \ Junior Data Science (Intern)

October 2025- Present

- Analyze data to find patterns and insights
- Clean, organize, and prepare data for analysis
- Create reports and dashboards using Excel and Power BI
- Use Python and SQL to work with data
- Support basic machine learning and predictive analysis

Shaper \Junior Cybersecurity Analyst

Oct 2024 – September 2025

- Identifying and analyzing **potential security risks** in web applications.
- Assisting in **threat detection** and **vulnerability management**.
- Conducting **incident response** and analyzing security breaches.
- Collaborating with teams to enhance **internal and external system security**.

Shaper | Junior Full-Stack Developer (Learnership)

Sep 2023 – Sep 2024

- Developed **responsive, secure web applications** using JavaScript, Python, HTML, and CSS.
- Built and maintained **RESTful APIs** for seamless data interaction.
- Managed **databases with MongoDB**, ensuring **data integrity**.
- Utilized **GitHub for version control** and **CI/CD pipelines** for workflow optimization.

FedEx Express | Operations Trainee (Clearance Department)

2022 – 2023

- Created **waybills for RTS** and maintained shipment records.
- Handled **customs clearance** under **SARS regulations**.
- Assisted with **logistics and freight forwarding processes**.
